Circular No.20/VII/2020

November 26, 2020

To:

ALL UNITS / STATE COMMITTEES

Comrades,

ALL INDIA STRIKE OBSERVED TODAY – A REMINDER TO THE GOVERNMENT

* * * * *

1. 26th November 2020 is certainly go down in the history for the finest congregation of workers of all walks of life in their urge to repulse back against the policies of the Government at the Centre i.e. anti-people, anti-farmer and anti-worker measures to affect the common citizen of our Country. As per preliminary information available 25 crores, people have participated in the strike called by Central Trade Unions along with independent trade unions and Federations.
2. Prelude this strike today, **Coal** workers' observed three days strike, **Ordinance** factory workers, strike, **Railway** workers' demonstrations, **BPCL** workers, two days strike, demonstrations and Struggle of **RTC** workers, **Scheme** workers, ongoing agitations of the **Electricity** workers and engineers in **UP** against **Privatization** on other demands. **Doctors, Nurses, Para-medical staff, Sanitation workers, Anganwadi ASHA** workers have been asked to carryout locality surveys at the risk to their own lives were treated badly and non-payment compensation and insurance as announced. The **farmers** are already on agitation in almost all states.
3. **Corporatarisation and Privatization are the main agenda of the Government. FDI in the banking sector is also aiming to push back the control to foreign hands.**
4. The agenda set by the Government with a specific focus on privatising the Public Sector Banks, Sell the Government equity Of 46% of IDBI to private hands, advising the LIC to withdraw the 51% in IDBI at the earliest, Lakshmi Vilas Bank, a private sector Bank of 94 years old, a forced takeover to a Subsidiary of foreign Bank headquarters at Singapore besides very many adverse working conditions

advocated by the Banks coupled with the Solidarity action in support of CTUs call made our Organization identified with the masses and observed the Strike. Three employees' organizations too observed the strike in addition to our organization. Banking operations have been affected seriously.

5. **AIBOC, INBOC** extended their solidarity support to **CTUS strike** today and **NOBO** specifically extended support to **our organizational stand** and issues raised by us concerning our Industry. **We extend our heartfelt thanks for their solidarity with the masses.**
6. It is only the beginning of our struggle against the moves adversely affecting the fulcrum of the progress of the Nation. We cannot remain aloof, away and apart from the emerging environment where jobs and jobs security are going to be a distant dream for the new generations of workers in all areas including in our Industry. SBI recent advertisement of offering the job for 8000 aspirants as apprentices under an Act for three years with a fixed compensation

The fox is at our doorsteps. It is our prime duty to protect our jobs and jobs security secured by our elders through trade union struggles.

FEAR NOTHING

FEAR ONLY TO DO WRONG

We congratulate the members of our Organization and employees' for observing the strike today, as your sacrifice is going to benefit larger groups of workers. RED SALUTES TO ALL.

Yours comradely,

/S.NAGARAJAN./
GENERAL SECRETARY
