THEME:

Banking Industry is the nerve centre of the economy of any Nation and the barometer of the performance of the development is centring around the growth in our Industry.

Having said so, the love of money is the root of all evils, the saying goes. During the 47 years of the Public Sector Banking, the deposit mobilised from saving community is huge and unprecedented in its growth. As on date the Deposits accumulated in our Banks are Rs 116 lacs crores. The Industry is suffering seriously due to bad loans, which is hovering around Rs 13 lacs crores.

Right from inception of the first and foremost trade union organisation of Bankmen in pre independent India AIBEA, which demanded Bank Nationalisation and achieved through struggles along with AIBOA have the onerous task of saving the Industry as the prioritized task to ensure that the hard earned saving is meant for welfare of the people at large and not for corporate loot. The existing workforce is slowly dwindling in numbers and mass retirement of them is another threat at our doorsteps.

Saving the Banking System from the Bad Loans thereby saving the jobs and jobs security are the twin responsibilities entrusted to the twin organisations, hence depicting the same the logo has been released”.
